A live webcast of Intellia's presentations will be accessible through the Events and Presentations page of the Investor Relations section of the company's website at www.intelliatx.com. To access the webcasts, please log on to the Intellia website approximately 15 minutes prior to the start time to ensure adequate time for any software downloads that may be required. A replay of the webcasts will be available on Intellia's website for approximately 14 days following each conference.

About Intellia Therapeutics

Intellia Therapeutics is a leading genome editing company focused on developing proprietary, curative therapeutics using the CRISPR/Cas9 system. Intellia believes the CRISPR/Cas9 technology has the potential to transform medicine by permanently editing disease-associated genes in the human body with a single treatment course, and through improved cell therapies that can treat cancer and immunological diseases by replacing patients' diseased cells. The combination of deep scientific, technical and clinical development experience, along with its leading intellectual property portfolio, puts Intellia in a unique position to unlock broad therapeutic applications of the CRISPR/Cas9 technology and create a new class of therapeutic products.
